Dear friend, Lydia Mott;

Yrs. of last week got into the pocket of my brother (being put into the wrong box of the Post-office), and as I was called out of town by my wife's illness, I did not ~~return~~ receive it until today, when your line of Sunday came also. —

We shall have to give up for the present, I fear, the Convention in Albany & Troy. Wendell P. is so much engaged that he can do nothing about it now, and Garrison has not yet recovered his strength from his attack at the time of the Annual Meeting.

A more favorable time will come, I hope. With sincere regard

Yours
Saml May Jr
